

# Rebates

## Save money and energy with rebates on LED lamps.

Just like last year, Consumers Energy is offering rebates to incentivize businesses like yours to update your lighting to LED. If you make the switch to LED in 2018, you could save anywhere from 50% to 80% of the cost of each lamp – not to mention the energy savings you’ll gain.

Check out the table below to see how much you could save on each lamp type.

Lamp Style	Rebate	Price Savings	Energy Savings
LED PAR	\$ 7.00	<b>70%</b>	<b>75%</b>
LED MR16	\$ 4.00	<b>57%</b>	<b>75%</b>
